Donald Duston

HEALTH OFFICER

Raymond E. Moore, M.D.

BUILDING INSPECTOR

Dean Howard

NOTICES

INVENTORIES are mandatory. They must be filed with the Selectmen on or before April 15th. Forms are distributed by mail. Please note that a description of the property which will enable the assessing officials to locate and identify each parcel is necessary. A phrase such as "Same as last year" or "no change" is not sufficient.

VETERANS should understand that it is their responsibility to request forms for tax exemption. The Blue card is a permanent record and must be filed only once. However, in order to receive the exemption each year, the Inventory must be filled in and the portion for the Veteran's Exemption checked, signed, and in the hands of the Selectmen before April 15th.

THE SELECTMEN will meet in their office in the Town Hall on the first Saturday of each month at 7:30 P.M. and also on the third Wednesday of each month at 7:30 P.M.

THE PLANNING BOARD — Regular meeting is the third Monday of every month at 8 P.M.

ELDERLY EXEMPTION BLANKS are mailed to persons who have received the exemption the previous year. For persons over 70 who think they may be eligible and who have not received the exemption before, blanks can be obtained from the Selectmen and returned by April 15th.

SOURCES OF REVENUE	Estimated Revenue Previous Fiscal Year	Actual Revenue Previous Fiscal Year	Estimated Ensuing Fiscal Year 1973 (1973-74)
From State:			
Interest & Dividends Tax	\$ 4,000.00	\$ 5,130.83	\$ 5,500.00

			No water pollution needed - well and septic installed for trailer	

AUDITORS REPORT

We hereby certify that we have examined the foregoing reports of the Selectmen, Treasurer, Tax Collector, Town Clerk, Trustees of Trust Funds, Road Agent, Library Trustees, Sexton and Police Chief, for the year ending December 31, 1972 and find them correctly cast and proper vouchers therefor.

Stanley P. Johnson
Lincoln K. Drake
Auditors

January 24, 1973

REPORT OF THE PLANNING BOARD

The Hampstead Planning Board had a record year in the number of sub-divisions that were reviewed and approved. The number of house lots available for building was at a record level. A total 12 subdivisions were approved, containing 24 house lots. Approximately 40 more house lots are in preliminary planning stages at this time.

The Planning Board adopted a completely new set of sub-division regulations that now conform to the state's Enabling Legislation. We have tried to make any development as little a burden to the taxpayers of Hampstead as possible. Roads in new sub-divisions must be paved with bituminous concrete. Sub-dividers must donate 5% of the acreage they develop to open

space or recreational facilities. In new sub-divisions where streets will be created, all utilities will have to be placed underground. Hopefully, these and other restrictions will help develop orderly growth as well as create an atmosphere that is pleasing to all.

The Planning Board is in the process of making additional changes in the Zoning Ordinance. These will not be ready in time for Town Meeting, however. One of these changes is in the present law dealing with multiple dwellings. There remains a great deal of work yet to be done before this will be presented for your vote. Another area that is in the process of being explored at the present time is the need in Hampstead for a Housing Code. These changes will be explained at special public hearings, that will be announced in advance.

Leonard R. Chase, Chairman

REPORT OF THE HAMPSTEAD CONSERVATION COMMISSION

The year 1972 was a busy and productive one for the Conservation Commission.

Three new members were appointed by the Selectmen. These are Mr. John Woelflein, Mr. Marshall

Coviello, and Mr. George Gallo. The Commission regretfully accepted the resignation of Mrs. Sylvia Burnside.

We have spent the past year implementing plans for projects that have been determined to be of top priority. These decisions were based upon results received from the Conservation Survey Form distributed in November 1971.

In this, our second year, we take pride in our many accomplishments which include:

Organization of a public meeting to acquaint residents with the programs and work of the Commission.

The starting of a Town Nursery which now consists of 1353 seedlings. These are Norway Spruce, Scotch Pine, Black Walnut and an assortment of other trees indigenous to the area. They will be used for replanting in parts of town where they are needed.

Assisting in the annual Arbor Day observances and tree planting activities.

Initiation of a continual shade tree planting project and the planting of 7 Maple and 1 Flowering Crabapple tree along Main Street and Emerson Avenue.

Development of a beautification program at Shop Pond. This involved general clearing and maintenance of the area and planting shade trees. Future plans entail building a walking path around the pond's edge and construction of a foot bridge over the channel. Additional plantings are anticipated to enhance the scenic beauty of the setting.

Locating and mapping town owned property.

Updating town maps.

Application for a \$3,000.00 grant from the Ford Foundation, of which \$750.00 has already been received. The balance will be given to us provided the town appropriates matching funds. The money would be used to survey and map approximately 500 acres of wetlands encircled by Main Street, Depot Road and Kent Farm Road. This area has been cited by our Planning Board as the only logical source of pure water for our town in future years when it becomes necessary to have a town water supply.

Attending meetings with other Conservation and Ecological groups.

Studying and touring the Town Forest with the

County Forester. At this time we measured boundaries and formulated plans for future management of the site. A program for selective cutting and pruning to encourage better recreational, educational and wildlife useage of the land was created.

Preparation of a town natural resources inventory.

Your Conservation Commission is dedicated to preserving the aesthetic beauty of Hampstead and further developing those qualities that make it so unique. Suggestions and recommendations are always welcomed. Our meetings are held at the Town Office the first and third Tuesdays of each month.

We want to express our appreciation to the Selectmen, Planning Board and especially to the townspeople for the cooperation and assistance they have extended to us.

Respectfully submitted,

Mrs. Virginia L. Duston (Chairman)
Mrs. Catherine Robbins
Mrs. Susan Hastings
Mrs. Thelma Brown
Mr. John Woelflein
Mr. Marshall Coviello
Mr. George C. Gallo

ANNUAL REPORT OF THE FIRE DEPARTMENT

During the past year, your firemen have been kept very busy, beginning with the annual election of officers in January.

We then went to the task of setting up a mutual aid agreement with Sandown, for the benefit of our East Hampstead area. This agreement was approved by the State and Local Officials, and is now in operation. This agreement in brief reads that Sandown's pumper will respond immediately to any fire in East Hampstead with the exception of woods or grass. The next project was to set up a ten week training course, sanctioned by the State, and taught by State Instructors, I am sure that for years to come, the town will benefit greatly from this knowledge gained by the firemen from the training.

Next came the annual State training at Meadowood in Fitzwilliam, N.H. This was attended by over 50% of the Department during the three days. This is probably the finest training school of its kind in the East.

Next came preparations for the annual Santa Parade, which was well received once again. Although the weatherman deserves no thanks, I think our President Chip Hastings and the committee who worked very hard on the parade deserve a lot of thanks for a job well done despite the weather.

Of course the whole year was not all fun, as the Department answered 43 calls; these calls included House fires, grass and woods fires, car fires, resusitator calls, cats and children in trees calls, etc.

These calls were not without tragedy, however, as we had our first ever fatal fire, in which 2 lives were lost. We can only hope that with the increased campaign in fire protection, in and around the home, that we never have to respond to another such call.

The Department now has another asset, two of the men went through a ten-week course in scuba diving, and the Department has purchased all the equipment needed for these men.

Special thanks again to our red phone operators who year in and year out, without much notice or thanks, go about their job and are the backbone of every fire call in which your Department responds.

Thanks to the Police Department for their continued co-operation during the past year.

And good luck to our new FIRE CHIEF, Wes Hodgman, for the ensuing year.

Robert Letoile (Retiring Chief)

BOARD OF ENGINEERS

REPORT OF THE
FOREST FIRE WARDEN
AND DISTRICT CHIEF

In New Hampshire, forest fire control is a cooperative State-town program. The Town Forest Fire Warden, appointed by the Director, Division of Resources Development upon recommendation of the Selectmen and the State's District Forest Fire Chief is responsible for fire suppression and other related duties. The State shares equally with the town in the cost of most forest fires, except illegal and careless fires, which are charged to the responsible party. The State further provides fire detection services, prevention programs, fire training for town wardens and crews, and back up equipment for fire suppression.

By authority of the State, the Town Forest Fire Warden controls all outside burning in his town except backyard cooking fires. Any person wishing to kindle a fire when the ground is not covered with snow must obtain a fire permit, free of cost, from the Town Forest Fire Warden. No permits will be issued for fires between 9:00 A.M. and 5:00 P.M. unless it is raining, except for commercial purposes.

Please be careful when using fire, remember it can be an extremely useful tool when under control but once allowed to run wild it can become a disastrous and devastating force. Only you can prevent a forest fire.

Number of fires reported and acres burned — 1972 season:

STATE	410 fires	361 acres
DISTRICT	101 fires	112 acres
TOWN	3 fires	2¼ acres

RALPH STEVENS, District Chief
RUSSELL J. HALL, Forest F. Warden

REPORT OF
POLICE DEPARTMENT

It is with pleasure that I submit this, my third annual report to the Town of Hampstead.

During the year 1972 the department investigated 32 breaks, 47 accidents (which resulted in 1 fatality and 19 injuries), 5 acts of vandalism, 4 unattended deaths, 3 assaults and 1 gunshot wound. Three motor vehicles, 1 snowmobile and 1 motorcycle were reported stolen, while the department recovered 5 stolen motor vehicles.

Many extra patrol hours were recorded including numerous all night patrols in an effort to reduce the number of breaks and robberies. This proved very successful as only one break was reported during these hours. It is our intention not only to continue this but also to increase this into a year round patrol in order to give continuing protection.

A 1972 Sno Prince and Lee Way trailer have been purchased and are being kept at the Fire House. This is now available for camp patrol and if needed for rescue, both by this department and the Fire Department. Special thanks must be given to the Southwick brothers for their donation of a snow-mobile sled as well as considerable time and effort in assembling this machine.

Five men attended schools for a total of ninety three hours. These schools covered such courses as accident and burglary investigations, drunk driving, juvenile delinquency, drugs, court procedures and Supreme Court decisions.

Again the majority of our calls concern dogs. A few years ago we adopted a leash law which requires dogs to be restrained twenty four hours a day from June to September and from 8 AM to 5 PM week days the rest of the year. We would ask that all dog owners attempt to restrain their animals during these periods.

TO ALL RESIDENTS: Please continue to call immediately regarding any suspicious actions that you might observe.

To my men and their wives many thanks for your utmost cooperation and dedication to duty. Also thanks and our appreciation to all town officials and members of other departments for your fine cooperation.

William J. Letoile, Jr.
Chief of Police

LIBRARIAN'S REPORT FOR 1972

This past year has shown a great increase in the number of borrowers at the Hampstead Public Library due to the growing population. Therefore, new books are in more demand so we are ordering more frequently. The State Library hopes to receive more money from the Federal Government this year, so the Bookmobile, which makes around four trips a year, may be able to make more visits to Local Libraries. I am pleased to report that the films from the State are being used. Mr. William Hazlett shows them once a month to the people in the Trailer Park and in the summer he shows them in the Camping area. They are available to any organization who wishes to use them without cost. Talking books are also available.

Hampstead Library observed its 75th anniversary May 20th, 1972 with an open house. Mrs. Rachel Sanborn, Book Consultant, furnished the program with a music box that was the same age as our anniversary. The records were the shape of a large steel disc. Old songs and marches were played in keeping with the time. "Friends of the Library", Mrs. William Clark, Mrs. Clinton Kirkness and Mrs. George Ayer served tea. Antiques of all kinds were on exhibition. The Trustees and Librarian dressed in period costumes. National Library week was observed at the same time. We wish to express our sincere appreciation to all those who helped to make this celebration a success.

Books have been taken to "shut-ins" throughout the year. If you know of any person who desires this service, please contact the Library.

The following names have been added to the Memorial List. The Hampstead Woman's Club have donated books in memory of Mrs. Elmer Ingraham, Mrs. Edward Sullivan and Mrs. George Shattuck. Mr. & Mrs. Earle Gordon gave a book in memory of Mr. Earle R. Crockett and Mrs. Beverly Whiteneck, gave a book in memory of Mrs. William Brickett. The Library staff are very grateful for these contributions.

The "Thrift Shop", under the excellent supervision of Mrs. William Clark and her co-workers had a very successful year. The Library staff extend their appreciation for their fine work they are doing and the interest they are taking in the Library.

I am very grateful to Mrs. Alice Brown, who donates so many of the "Best Sellers", to Dr. Hart, Mr. Ruse, Mr. Russo and Mrs. McCoy for the Science Fiction. To all others whose names are too numerous to mention, I express my many thanks for all the books, magazines and paper-backs.

I wish to express my warmest appreciation to Mrs. Gordon Brough and Mrs. Clinton Kirkness, who have given so generously of their time and energy in helping to catalog books, filing cards and other numerous tasks for the Library.

To the Trustees, who stand ready to assist whenever called upon, I extend my sincere appreciation.

A cordial welcome is extended to all to come in and get acquainted with your Library. The hours are Tuesday 2-7, Thursday 2-9 P.M. and Saturday 10 A.M. - 5 P.M.

Respectfully submitted,

Hazel K. Garland
Librarian

LIBRARY TRUSTEES REPORT

There has been another year of growth at your library, and the Trustees have been making plans to help cope with increasing interest in available assets.

We are rapidly outgrowing reference shelf space and study areas, especially in the children's and young people's rooms, and are planning on new corner shelving and creating a greater study and reading section by ordering additional furniture along with a rearrangement of some of our existing pieces. We are enlarging and improving our record collection as the demand for varied albums increases.

At the suggestion of the "Friends of the Library" who have so generously donated their time, effort and significant funds, a serious study is now underway for making better use of the basement, now a storage area. Some of it could be transformed into a special children's room. Much would have to be done to make this possible, but it is a possible solution to our need for expanding library facilities.

We anticipate major expenses this year in exterior and interior painting, chimney repair, and correcting drainage problems.

Our 75th anniversary celebration last May was a great success and we thank all who contributed to make it so. We hope by our special open house and exhibits of old documents, papers and antiques pertaining to the town, which were so generously loaned, that we introduced more of you to our Public Library.

Our devoted librarian, Mrs. Hazel Garland, deserves the greatest thanks for her many hours spent in assisting our readers. One of her special projects has been to provide films from the State Library with related reading material for use by some of our citizens. She also has distributed many books to shut-ins.

Our Memorial gift plan is progressing well and we are endeavoring to do our best in making worthwhile purchases and displaying special books.

We urge more of you to discover your Public Library and take advantage of its many facilities, as we are here to serve you.

Loretta Cummings
Calvin Scovel, Jr.
Elaine Brough

TOWN OF HAMPSTEAD

NEW HAMPSHIRE

1972

1972

TOWN WARRANT
THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Hampstead in the [L.S.] County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the gymnasium in said Hampstead on Tuesday, the 6th day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To choose all necessary School District Officers for the year ensuing.

3. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

General Government	\$ 31,500.00
Protection of Persons & Property	33,550.00
Health	5,560.00
Highways	48,600.00
Library	4,200.00
Public Welfare	7,100.00
Patriotic Purposes	450.00
Recreation	3,500.00
Public Service	6,100.00
Interest	12,000.00
County Tax	45,000.00
	<hr/>
	\$197,560.00

4. To see if the town will vote to authorize the Selectmen to hire money for the use of the town in anticipation of taxes.

5. To hear reports of Auditors and Committees and to act thereon.

6. To see if the town will vote to authorize the Selectmen to administer or dispose of any Real Estate by public sale acquired by the town through Tax Collector's deeds.

7. To see if the town will vote to accept Clow Lane and Blueberry Circle off Holiday Lane as a town road.

Recommended by the Budget Committee.

8. To see if the town will vote to accept a deed from the Hampstead School District of approximately 2 acres of land at the end of Heath Road for a future municipal building.

Recommended by the Budget Committee.

9. To see if the town will vote to authorize the Selectmen to use up to four years of Revenue Sharing funds under Title 1 of the Fiscal Assistance to State and Local Governments Act for the purpose of constructing and equipping a new municipal building.

Recommended by the Budget Committee.

10. To see if the town will vote to raise and appropriate the sum of \$2,500.00 to exchange the present Police Cruiser for a new Police Cruiser.

By the Police Department.

Recommended by the Budget Committee.

11. To see if the town will vote to raise and appropriate the sum of \$194.94 to join the New Hampshire Municipal Association.

Recommended by the Budget Committee.

12. To see if the town will vote to accept State Aid Construction of Class V Roads, and raise and appropriate or set aside for said purpose the sum of \$355.49. The State's share being \$2,369.92.

Recommended by the Budget Committee.

13. To see if the town will vote to raise and appropriate the sum of \$1,500.00 for the use of the Greater Salem Mental Health Association.

14. To see if the town will vote to raise a sum of \$2,250.00 matching funds required under terms of a Ford Foundation Grant in the amount of \$3,000.00, of which \$750.00 has already been received, for title searching and land survey of approximately 500 acres of wetlands. By Conservation Commission.

Recommended by the Budget Committee.

15. To see if the town will vote to raise and appropriate the sum of \$300.00 to be added to the land purchase fund created in 1972. By Conservation Commission.

Recommended by the Budget Committee.

16. To see if the town will vote to raise the sum of \$500.00 for the acquisition of approximately 29 acres of Joslin land, a part of "Sawmill Swamp" so called, to be held forever as OPEN SPACE. Said sum of \$500.00 to be matched with like amount of HUD funds, if so approved. By Conservation Commission.

Recommended by the Budget Committee.

17. To see if the town will vote to raise and appropriate the sum of Five Thousand Three Hundred Dollars (\$5,300.00) to construct a sidewalk on Main Street, from Emerson Avenue to Harris Avenue. By School Board.

Not recommended by the Budget Committee.

18. To see if the town will establish a town Historical Society as set forth in RSA 31 Supp. Vol. 1 and that the Selectmen appoint said Commission within 60 days from the date of the annual meeting and that a temporary chairman be appointed to call the first meeting of the Commission. By petition.

Recommended by the Budget Committee.

19. To see if the town will vote to request the assistance of the State Tax Commission in appraising all lands and buildings in Hampstead and appropriate the sum of Ten Thousand Dollars (\$10,000.00) for payment thereof; fifty percent of this sum to be raised in 1973 and the balance of such appraisal expense to be raised after completion of the work. By petition.

Not recommended by the Budget Committee.

20. To see if the town will vote to change the Tax Collector's salary from one percent for the first \$100,000.00 and ½ percent of all over \$100,000.00 as voted at the 1966 Town Meeting to ½ percent on all money collected.

Recommended by the Budget Committee.

21. To see if the town will vote to transfer un-expended 1973 Fire Department funds to a capital reserve for the future purchase of equipment. By Fire Engineers.

Recommended by the Budget Committee.

22. To see if the town will authorize the Selectmen to appoint a committee and vote to raise and appropriate the sum of \$2,000.00 for the Anniversary celebration in 1974.

Recommended by Budget Committee.

23. To see if the town will vote to raise and appropriate the sum of \$3,000.00 to purchase approximately 2 acres of land adjoining the gymnasium from Kupis.

24. To see if the town will vote to accept the donation of \$1,500.00 from Cohen Foundation Camps.

Given under our hands and seal, this 6th day of February, in the year of our Lord nineteen hundred and

CHARLES W. LINDQUIST, JR.
LAURENCE C. CORNWELL
DORIS M. SPOLLETT
Selectmen of Hampstead

A true copy of Warrant—Attest:

CHARLES W. LINDQUIST, JR.
LAURENCE C. CORNWELL
DORIS M. SPOLLETT
Selectmen of Hampstead

The polls will not close before 6 p.m.

It is understood that a motion will be made at the opening of the meeting that the polls remain open until 8 p.m.

The business meeting will be held on Friday, March 9, 1973 at the Gymnasium, at 7:30 p.m.

The Town Hall was erected in 1748 and it may be of interest to know that there was no heat in the building until 1821, this being substantiated by following excerpts from the original document entitled "Subscriptions for Stove for the Meeting House."

"Hampstead Dec. 11, 1821

We, the subscribers believing that a stove for the meeting house in the place would conduce to health as well as the comfort of the community
Therefore we severally promise to pay the sum afixed to our name, for the above object"

The names of 65 people were listed with pledges from 12½ cents (one bit) to \$2.00 each.

The following excerpt was taken from the "Report of the Auditors, Liquor Agent, Overseer of the Poor and Superintending School Committee of the town of Hampstead, N.H. for the year ending 1858-9"

Report of Wm. T. Bragdon, Liquor Agent for 1858.

Amount of Liquors on hand	\$ 53.62	
Amount of Liquors bought	87.64	141.26

REPORT OF THE MANAGEMENT AND SANITARY LAND FILL STUDY COMMITTEE

This past year has been one of, essentially putting out Land Fill Area in order, with a minimum amount of funds.

The following has been instituted:
We have

1. moved earth to fight water pollution and to have fire control.
2. contained the area of disposal to only one site
3. Enforced regulations for disposal
4. Police enforcement of persons using the area
5. Created an area that is somewhat orderly and attended to by pushing over and covering with earth

By following the above items, we have been able to stop seepage of waste into the streams, and burn our material to an 80% reduction, without subject to the Fire Control tower to put out our fires. This has met with the approval of the District Fire Warden.

In using the meaures listed above, the fact of controlling people from area towns has been quite successful. We feel that a more intensified program with our Police Department for the coming year is of utmost importance.

We plan for the coming year several programs of control and actual Sanitary Land Fill operation.

At this time we wish to thank the Selectmen for the support given us in our programs, also to the Police Department for the enforcement of regulations and data information, and to the townspeople for their cooperation in helping to keep the area controlled and respecting the regulations.

Please note the committee meets on the 4th Thursday of each month at 7:30 p.m. in the Town Hall.

Respectfully submitted

Joseph B. Leonard
Richard M. Burnside
Neil E. Emerson

Your area is open on
Wednesday: 1:00 p.m. to 6:30 p.m.
Saturday: 8:00 a.m. to 4:40 p.m.

Sept. 3, 1973	January 1, 1974
October 8, 1973	

REPORT OF
SOUTHERN ROCKINGHAM REGIONAL
PLANNING DISTRICT COMMISSION

In 1972, the Southern Rockingham Regional Planning District Commission, which is composed of the member Towns of Hampstead, Kingston, Plaistow, Salem and Windham, engaged in various aspects of regional planning.

The five member-towns with a population of 33,145 persons represents some 84.9 percentage of the total regional population. By reaching this representation plus other conditions established by the U.S. Department of Housing and Urban Development, the Region was certified for area jurisdiction. A minimum area population percentage of 75 percent in the member towns must be met if the Region is to be certified. In order to receive many Federal grants the Region must be certified for area jurisdiction and comprehensive planning. In June 1972, the Region was certified in both areas after it submitted its initial Regional Plan of Development. Certification means that the Region has been able to answer in a satisfactory manner a series of questions and requirements established by Congress and/or HUD. Due to the certifications received in June 1972, which must be renewed in July 1973, all Towns in the Region were eligible to receive Federal grants. In June 1972, the Town of Salem received a water grant of some \$288,000. Grant requests are now pending for the Towns of Plaistow and Salem relative to open space acquisition or development for park purposes. Other Towns are urged to work with the Region to obtain Federal grants if this is their desire. Non-member Towns of the Region will not receive HUD grants for water and sewer improvements.

As part of the area jurisdiction approval, the Region is eligible to conduct A-95 Review and Comments. This means that all requests for Federal grants by Town, County, State or Federal agencies within the Southern Rockingham Region must be submitted to the Regional Commission for their review

and comment prior to State or Federal action. An adverse regional commission comment can be the basis for a rejection of a community's grant request.

The Regional Commission is continuing its work of developing a Regional Plan and will have the open space component completed by June 1973. Other aspects of the plan will be up-dated so that necessary certifications can be continued. The introduction of revenue sharing will not eliminate those Federal grant programs most needed in the Region, such as water and sewer grants. The Region has made available to all member communities the services of its consultant, who works with selectmen, planning boards and conservation commissions on problems facing their Towns. In 1973, the Region will hire a full-time Regional Planner in order to maintain its eligibility for Federal regional planning funds. In Federal fiscal year 1973 the Region, which is now a member of Sub-State Planning District Number Six by Executive Order of Governor Petersen, will receive \$28,000 in Federal planning grants and \$4,000 in State planning grants.

The Regional Commission believes that regional planning in the Southern Rockingham Region is progressing at a satisfactory pace. That it is meaningful and productive since it permits member communities to plan together, exchange information and to discuss mutual development problems. At the same time, it offers an opportunity to provide Federal grants to those Towns that elect to go after them. The Regional Commission believes that even greater advances in regional planning will occur in 1973, with the availability of a full-time professional planner.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

An old proverb deals with the reaction of a native population on a tiny island when informed a tidal wave was coming. One group began a festival of revelry, another followed a leader to the mountain top to meditate until the end, while the third group began investigating methods of living under water.

We are like the third group. Our condition of being under water has begun with a relative tidal wave of growth and resulting problems which show no signs of recession. Similarly, ours has been no choice but to find ways in which we might reasonably live "under water".

Once again appeals will continue to be made for school construction to solve our district's most acute problem, that of overcrowded classrooms and programs curtailment due to lack of facilities. A check of three previous annual reports will reveal that the picture of crowded conditions has been mentioned in detail. Suffice now to say that the condition is much worse three years later.

Problems of financing public education continue and become more acute. Little hope is seen in any immediate change in the state aid picture with the possible exception of building aid. Area and state legislators have given indication that building aid will likely be returned to those levels we realized prior to the 1971-72 school year. On the other hand, threats of significant cutbacks in federal aid mean curtailment of programs and increased burdens for the local taxpayer. It is important to note that improved state funding with an objective to equalize basic programs of education would be immense help to the overburdened local property taxpayer. In this respect the appeal should be directed at the state legislature rather than at local school board members.

We're still in the business of education however and shall persist in finding new ways to live underwater. While a building program in Hampstead is essential to accommodate our grades from 1 to 12, alternatives to organizing for instruction must be sought in order to properly serve our children in the interim. Such alternatives for our elementary children as double sessions, year round schools and ungradedness are being studied as means to solving our critical housing shortage. There are ways to "live underwater" with our elementary programs but in no way can we meet the needs of our secondary school population without a building program to accommodate them.

Instructionally, our staff provides an excellent program. Emphasis is essential at the elementary level in the areas of basic skill subjects like mathematics and reading and it is being applied.

Despite the feeling that we are underwater at times, there is room for great satisfaction in watching our children grow at all levels in skills in words and numbers, armed better than we were with understandings of their society and the environment in which they must live. We are pleased as well with the accomplishments of our boys and girls outside the classroom, on the athletic fields, on the concert and dramatic stages and in our community.

Our citizens will find more detailed statistical and financial records in other sections of this annual report.

Finally and on behalf of our entire staff, I should like to express a sincere thank you to those citizens of our community who have given their support not only to our efforts to build but to our efforts day by day to give the children of this community the best educational experience possible. It has been a pleasure to serve Hampstead.

REPORT OF THE PRINCIPAL

To the School Board, Superintendent of Schools, and citizens of Hampstead:

Included in this tenth annual report of the Supervising Principal will be reports from the following special service personnel: Reading Supervisor, School Nurse, Music Supervisor, Guidance Counselor, and Speech Therapist.

The enrollment total for the Central School on the final day of school, June 16, 1972, was 466 pupils. On September 6, 1972, the opening day of school, there were 483 pupils enrolled. This figure surpassed projected enrollment estimates by a substantial margin. Many of the classes have exceeded thirty pupils. Lack of space necessitated continued use of the former high school building as classrooms for two second grade classes.

The emphasis in curriculum continued to be placed upon the development of interest-centered, participatory activities. Group activities were prominent at various grade levels in Science, Social Studies, and Language Arts. Individualized Reading programs were instituted at several grade levels. In these programs, children are encouraged to read a large number and variety of books. Teachers meet with the children in individual conferences to review vocabulary development and growth in comprehension.

The elective activity program was continued in the junior high school with staff members and volunteers from the community serving as instructors. In this program, pupils select activities of interest to them. Among the activities available were: art, sewing, ceramics, liquid embroidery, dramatics, typing, individual science projects, school newspaper, physical education, and chess.

The graduating class of 1972 received diplomas from Mr. William E. Beane, school board chairman, at the Congregational Church on June 17. There were 54 graduates in the class.

Open house was held during the week of October 22-28 in observance of American Education Week.

The school athletic program was comprised of soccer, baseball, and basketball for boys, and basketball, softball, and intramural field hockey for girls.

The following standardized tests were administered during the year: Stanford Achievement Tests, grades 4-6-8; Murphy-Durrell Readiness Test, grade I; Otis-Lennon Mental Ability Test, grades 4-6-8. In addition, basal reading tests and a variety of individual diagnostic and grade placement tests were administered. First grade readiness tests were also administered.

The annual New England Reading Conference was held in Newton, Massachusetts. Mrs. Ann Yuscavage, Miss Elaine Ford, and Mr. Richard Grey attended. Also, several other staff members attended conferences and conventions dealing with pertinent curricular and administrative areas.

Transportation was provided by the Timberlane Transportation Company. Milk was purchased from Turner's Dairy, Salem, New Hampshire.

Physical examinations were administered by Dr. Raymond E. Moore and Dr. William R. Hart, assisted by Mrs. Kathleen Rowen, school nurse, and several volunteers.

Educational field trips were held for all grades. These trips were coordinated to relate to an area of study being conducted within the classrooms.

The staff of the Central School included the following positions: nineteen classroom teachers, reading supervisor, nurse, music supervisor, guidance counselor, speech therapist, librarian, supervising principal, secretary, three teacher aides, two custodians, and a matron.

Reports of special service personnel:

Reading Supervisor — Mrs. Ann Yuscavage

The position of reading supervisor is varied, challenging, and enjoyable. The major areas of concern in the reading department are:

1. Testing. Diagnostic tests are administered as well as achievement tests in order to allow students to progress at their own levels with materials suited to their needs.
2. Child Placement and Programs. Teachers are consulted about their students in general and in particular. Special programs are set up according to individual needs within a particular class.
3. Researching New Ideas in the Field of Reading. Individualized programs are used at grade levels two through six to supplement the basal programs. Students read at their own levels in group work and individually. The Ginn 360 program is one of the new approaches for teaching the basic reading skills. This program is used at the primary level and at some of the intermediate levels.
4. Resource Center. A reading audio-visual center is being developed. The school has acquired a System 80 Program as the first major piece of equipment in the center.

The reading supervisor keeps close contact with teachers and students, with the guidance counselor, and speech therapist. Constant evaluation of the reading program provides answers as well as many new questions.

School Nurse — Mrs. Kathleen Rowen, R.N.

The ultimate objective of the school health program is to establish and maintain healthy growth toward the development of a well-balanced person.

The school health program provides: (1) School Health Services, (2) Health Education, and (3) Healthful School Living.

School health services are the procedures carried out by physicians, nurses, dentists, teachers, and others, to appraise, protect and promote the health of students and school personnel. The health services last year consisted of:

1. Medical examinations by the school physicians, Dr. Moore and Dr. Hart. (Routine and staff, and on pupils participating in interscholastic sports.)
2. Vision and hearing screening on all pupils; color perception screening at the fifth grade level.
3. Dental health program.
4. An appraisal of physical growth by weighing and measuring all students (several students are currently in a weight-watcher program for obesity).
5. Emergency care for sickness and accidents occurring in school.
6. Cursory exams (inspection of glands, throat, teeth, and heads).
7. Pre-school registration in May with emphasis on mandatory immunization and pre-school physical examinations.
8. First Aid Program (standard Red Cross course with certificate) for staff.
9. State vision and hearing clinic for pre-school children.
10. Referrals to special clinics for students requiring this service.

Health Education — The nurse acts as a valuable resource person for both teachers and pupils when instructing in the field of health. Health programs in the past year were in the areas of nutrition, dental care, body development with personal hygiene and prevention of spread of disease.

I am very happy in my position of school nurse and feel the children, their parents, and the staff of the Central School are a joy to know and serve. I wish to thank all for their cooperation.

Guidance Counselor — Mrs. Gail Shinberg

The Guidance program at the Hampstead Central School is being expanded so that we can better meet the needs of all students as follows:

1. A new program for first and second graders was started in September to help the children develop a better understanding of themselves and others.
2. First graders are being tested so that any existing problems can be identified and corrected as soon as possible.
3. The individual sessions to help eighth graders choose their high school programs are continuing this year.
4. Individual sessions, parent conferences, and teacher conferences are again a vital part of our program.

It is hoped that by offering these services to our students, we can help them to better understand and accept themselves and their role in society.

Speech Therapist — Mrs. J. Marie Stevenson

In September, 1971, the speech therapist screened a large group of children in the school for possible speech difficulty. Included in this group were all first graders, all new students, any child who had previously received

speech help or had been placed on a waiting list, and any other students referred by the teaching staff. Following these evaluations, a total of forty-four children were selected for speech therapy.

During the year, eleven students were dismissed from therapy and seven children were added to the case load. By mid-year, forty children or nine percent of the school population were receiving speech therapy on a regular basis. This percentage rate is within the expected range when compared to national averages.

In addition to working with students, a speech therapist should communicate actively with teachers, parents, and the community as a whole. For this reason, a teacher workshop was presented for all new staff members. In addition, parents of children receiving therapy were invited to attend a class with their child. Twenty-four parents took advantage of this opportunity. The speech therapist also took part in a school program presented to first grade parents.

Due to the nature of speech handicaps, it is especially beneficial if the therapist can evaluate children prior to school entrance. With this thought in mind, the speech therapist offered evaluations upon request after regular school hours, participated in a pre-school testing program for children ages four to six years, and offered testing services at the first grade registration. In all, 97 pre-schoolers were screened for speech and hearing handicaps using a minimum amount of time (two school days per year),

It has been a pleasure indeed to work so effectively and congenially with Mr. Grey and his fine staff. The past year has been most enjoyable and I look forward to my continuing association with the Hampstead Central School.

Music Supervisor -- Mr. James R. Stewart, Jr.

The purpose of music education is to assist each student, commensurate with his individual capacity, to appreciate, understand, and respond with discrimination to the aesthetic effect of music. It is assumed that this is a continuous experience, growing in each of several areas of skill, knowledge, and emotional response.

This year, the vocal production and skills in all classes are noticeably advanced over last year. This is also true of theoretical areas of rhythm, melody, harmony, and form. Sight singing has been continued, along with other approaches such as musical composition and development of listening skills.

Last fall, forty children from the fourth and fifth grades started in the beginners' band program. It is expected that over thirty beginners will finish the year. The advanced band now has a membership of sixteen, giving a total band program of almost fifty children.

A new factor this year has been the assistance in the band by Mr. Robert Killey, of the Haverhill Music Centre, and Mr. John Battis, who have been giving lessons to the band after school on Wednesdays.

The chorus, as well as the band, performed at the annual Christmas program. Both groups are beginning to respond in a musical manner; this is very encouraging. Children in grades one through six also helped to present a very fine program.

The musical performance groups will perform at the following functions during the remainder of the year: Solo and Ensemble Festival at the Pollard School in early spring (band only); spring concert in April (band and chorus); Memorial Day (band only); and graduation (chorus only).

* * * * *

To conclude this annual report, I would like to offer my warmest appreciation to the members of the Hampstead School Board for their continued interest and tireless efforts in behalf of the public school education of the children of Hampstead.

In addition, I would like to thank the Superintendent of Schools, Mr. Robert J. Crompton, and Assistant Superintendent, Mr. David M. Brown, for their leadership and support of the Central School program. Also,

gratitude is offered to the Union Office staff for their invaluable assistance and cooperation throughout the year.

Sincere appreciation again is extended to the many parents and friends of the school for their participation in a variety of activities within the school program. A school needs the interest and support of all parents and citizens.

Respectfully submitted,

RICHARD GREY
Supervising Principal
